

Ex.06 Book Front Cover Page Design

Date:

AIM:

To design a book front cover page using HTML and CSS.

DESIGN STEPS:

Step 1:

Create a Django Admin project.

Step 2:

Create an app in the Django interface.

Step 3:

Create a folder named 'static' in the app folder.

Step 4:

Create a new HTML file in the static folder.

Step 5:

Write the HTML code with relevant CSS properties.

Step 6:

Choose the appropriate style and color scheme.

Step 7:

Insert the images in their appropriate places.

Step 8:

Publish the website in the LocalHost.

PROGRAM:

```
<style>
    .bookpage{
        width: 400px;
        height: 600px;
        color:gray;
        margin-left: auto;
        margin-right: auto;
        padding: 20px;
        font-family: 'Franklin Gothic Medium', 'Arial Narrow', Arial, sans-serif;
        background-image: url(OIP.jpeg);
        filter: blur(8px);
        -webkit-filter: blur(5px);
        background-blend-mode: lighten;

    }

    .insight{
        color: paleturquoise;

    }

    .hrstyle{
        width:100px;
    }
    .author{

        display: inline;
        position: relative;
        color:black;
        top:160px;

        font-family:Georgia;
        font-size: medium;
    }
    .booktitle{
        font-family: 'Courier New', Courier, monospace;
        font-size: larger;
        text-align: center;
        position: relative;
        top: 30px;

    }
    .id {
        width:500px;
        position: relative;
        top:175px;

    }
    .pub{
        font-size: medium;
```

```

        position: relative;
        top:135px;
        left:330px;
    }
    .ed{
        color: red;
        font-size: medium;
        font-family: Verdana;
        position:relative;
        top:80px;

    }
    .subtitle{
        font-family:Tahoma;
        font-size: large;
        position: relative;
        top:40px;
    }
    .mypic{
        position: relative;
        top: 120px;
        left: 260px;
        width: 100px;
        height: 90px;
        border-radius:50%;
        background-size: cover;
    }
</style>
<title>Book Cover Page</title>
</head>
<body>
<div class="bookpage">
    <div class="insight">
        INSIGHT EXPERIENCE
    </div>
    <div class="hrstyle">
        <hr style="color: yellow;">
    </div>
    <div class="booktitle">
        <h1><b>GAME THEORY AND COMPUTATIONAL MECHANISM DESIGN.</b></h1></div>
    <div class="mypic">
        
    </div>
    <div class="id">
        <hr style="color: brown;">
    </div>
    <div class="author">
        <p><b>Naveen kumar V</b></p>
    </div>
    <div class="ed">
        <b>Limited Edition</b>
    </div>

```

```
</div>  
</body>
```

OUTPUT:

RESULT:

The program for designing book front cover page using HTML and CSS is completed successfully.
